Software Engineer with 6+ years of experience developing web applications for local and international companies. Very interested in Javascript, Typescript, Next.js, and React.js projects. I have strong experience in the development of massive applications that positively impact many users. I would like to contribute to the creation of world-class software solutions with dynamic and high-performance teams in a startup or fintech.

EXPERIENCE

Zx Ventures, Front End Software Engineer — (May 2021 - Present)

World's biggest brewer, global investment and innovation group.

- Implement new functions for Siempre en casa app in Argentina, improving the process of configuring plans for the purchase of beverages, shipping status, and selection of new products, new UI helped reach 40.000 active users.
- **Tech-Stack:** Next.js, Typescript, CSS in JS, Styled Components Library, Jest & Enzyme, Git & GitHub, Travis CI, Codacy.

Mercado Libre, Software Engineer — (January 2020 - May 2021)

Ecommerce, electronic payments, and distribution company in Latin America.

- I participated in the team for the shipping area of Mercado Envíos (Main Shipping Management).
- Performed code reviews on the frontend team by promoting code quality.
- Contributed to building 2 web operational apps for the main warehouses:
Custom Offsets: Improved performance by 99% for reconfiguration of delayed shipments.
Transit Time: Programmed multiple routes and origins for different types of shipments, reduced routes bugs by 90% from the main warehouses in Mexico and Colombia.
- **Tech-Stack:** React.js, Javascript, Node.js & Express.js (BFF), Jest Enzyme, React Testing Library, Styled Components Library, GitHub, Docker for local setup, Jenkins for CI/CD.

Rappi, Front End Developer — (August 2019 - January 2020)

Food delivery app.

- I developed an internal app to configure different food dishes weekly, with more accessible prices for the general public. This implementation was exclusive to Colombia. In the first month, 100,000 orders were successfully configured.
- **Tech-Stack:** React.js, Javascript, CSS Module, Mobile First, GitHub, Jenkins for CD/CI.

Global Hitss Cono Sur, Front End Developer — (February 2019 - July 2020)

Digital solutions and IT services in Argentina, Mexico, Brazil, Peru, Colombia, and Ecuador.

- Developed and implemented a new Claro Video (Like Netflix app) implementation in Brazil.
- Improve the user experience in the application to watch movies and sports events from any device.
- **Tech-Stack:** React.js, Javascript, Redux, Sass, GitHub, Material-UI.

Blue Alba, Front End Developer — (April 2018 - February 2019)

Tech company for the financial Industry.

- Improved the interaction of brokers with all the data generated in the app, special focus on the collection of commissions and comparative charts.
- **Tech-Stack:** React.js, Javascript, Sass, Git, Yarn, Docker for local setup.

Toolbox - The Unified TV Ecosystem, Front End Developer — (September 2016 - January 2018)

Provider of innovative technology solutions for the largest multiple-system operators.

- Experience app which was a digital content manager (Like Netflix app). With this app, you can see multiple contents such as movies and series, online radio, and live sporting events from cable operators from different countries.
- I participated and developed the main views in all main project areas and implemented the main versions.
- **Tech-Stack:** React.js, Javascript, Git, HTML5, CSS3, Bootstrap, Sass, Responsive Design, UI/UX analysis.

EDUCATION

Primera Escuela de Diseño Multimedial Davinci - Argentina - *Web Design Mention Programming* - (March 2013 - August 2015)

Universidad Católica Andrés Bello - Venezuela - *Computer Engineering*, (September 2009 - July 2011) - 4 semesters

SKILLS

Advanced: Javascript, React.js, HTML, CSS, Sass, Less, Npm, Git, Redux, Context Hook.

Intermediate: Next.js, Typescript, Jest & Enzyme.

Proficient: Webpack, Vue.js, React Native.

Basic: Node.js, Express.js, MongoDB, Docker, Jenkins, Travis CI.

Languages: English - Intermediate; Spanish - Native.
